ACCREDITATION

West Virginia Wesleyan College is a member of the North Central Association of Colleges and Secondary Schools, is accredited by the University Senate of the Methodist Church, and is approved by the State Department of Education of West Virginia.

SPECIAL ANNOUNCEMENT FOR TEACHERS

Discontinuance of War-Time Provisional Certificates

In view of the ending of World War II and the elimination of wartime hardships imposed upon teachers in renewing regular legal certificates, and upon motion duly made and seconded, the State Board of Education hereby rescinds its orders of March 13, 1942 and July 27, 1942 providing for the issuance of provisional certificates without meeting regular renewal requirements, the same to become effective at the end of Certificate Series of 1946-47, all members concurring.

Regular legal renewal requirements become effective and mandatory with the 1947-48 Certificate Series. All teachers having a provisional certificate should plan to meet as soon as possible the renewal requirements set forth in the School Law for the respective legal certificates.

—Regulation passed by the West Virginia State Board of Education, February 14-15, 1946.

WEST VIRGINIA WESLEYAN

SUMMER SESSION
1946

West Virginia Wesleyan College conducts annually a twelve-week summer session, consisting of two terms of six weeks each. The summer session is of special interest to (1) teachers in service in public schools, who find it highly advantageous to raise their level of certification, or necessary to renew present certificates, (2) veterans, who are eager to complete as soon as possible their studies interrupted or delayed by World War II, (3) other students pursuing an accelerated program and (4) entering freshmen.

TWO TERMS

The first of the two summer terms for 1946 begins on June 3, and ends on July 12; the second begins on July 15 and ends on August 23. Students may attend either term, or both, and may earn a maximum of six semester hours of credit per term.

ACCELERATION

West Virginia Wesleyan College affords students an opportunity to complete their studies in as short time as may be consonant with thoroughness. Many students, especially veterans and others whose studies have been interrupted or delayed by World War II, welcome a soundly accelerated program.

By offering two 16-week semesters and two 6-week summer terms annually, West Virginia Wesleyan College makes it possible for a student to earn from 44 to 48 semester hours of credit per year, and to complete a degree course in three years or less.

High school graduates intending to enter college in 1946 are advised to enter at the beginning of the first summer term. Those who enter on June 3, 1946 and pursue successfully the accelerated program will be graduated in January or May 1949, depending upon the degree of acceleration at which each can successfully pursue his studies. If the same persons should enter college in September, 1946, and omit summer sessions, they could not be graduated before May, 1950. It is therefore, possible to save from one year to one and one-half years in completing one's college course by taking full advantage of summer sessions, and at the same time to effect a considerable reduction in the total cost of one's college course.

Applicants for admission will find procedure to follow outlined in our general catalogue, a copy of which will be mailed on request.

COURSES

The schedule of courses offered for the summer session of 1946 appears in the pages that immediately follow. Description of these courses are found in our regular catalogue, a copy of which will be mailed on request. The courses have been selected and arranged to meet the needs of entering freshmen, students already pursuing the accelerated program, teachers in service, and veterans. Courses not scheduled will be made available if sufficient demand should arise.

Summer session courses are taught by regular members of the College faculty, and are in all respects equivalent in scope and thoroughness to courses offered on the usual semester basis.

COMPREHENSIVE EXAMINATIONS

It is required of each candidate for a degree that he pass comprehensive examinations in his major and minor fields. Students completing degree requirements during the sum-

mer session of 1916 will take these examinations during the week of August 12 to 16.

HOUSING

Agnes Howard Hall (for women) and the Men's Dormitory will accommodate students attending the summer session.

Rooms in these residence halls are furnished, except for linens, blankets, rugs and curtains.

Students desiring accommodations in College residence halls should make reservations as early as possible.

In order to obtain a reservation for any semester or summer term it is necessary for a new student to file an application for admission, and for a student in residence, or a former student, to file a written request for a reservation and to pay a deposit of five dollars. This deposit will be credited toward the student's housing charge as the semester or summer session opens. The deposit will be refunded only if the student gives written notice of surrender of reservation at least six weeks prior to the opening of the semester or summer term involved.

College women not living at home are required to live in College residence halls. Under very extraordinary circumstances the Administration Committee may authorize an exception to this rule.

EXPENSES

The instructional charge for the summer session is $7.00 per semester hour. **This includes all fees (library, laboratory, etc.)**

The charge for room is $12.50 per term of six weeks; and for board $10.00 per term of six weeks.
